17. Labor.

a. Total number of workers in Kreis Memmingen: No change. Male: 16 467, Female: 16 494 (incl. independent workers).

b. Category of laborers available:
Office-workers, Household-workers, Metal-workers & Drivers.

c. Local needs: (no change)

Dairy-workers (milkers):	292
Farm-workers (team-drivers):	215
Carpenters:	15
Masons:	11
Cabinet-makers:	14
Unskilled construction-workers:	324

d. The Labor-office has suggested the release of politically unobjectionable persons now in the PWE in Memmingen for the removal of the farm-workers shortage. The question is only those men are willing to work in the agriculture in Landkreis Memmingen and mostly men cannot return to their native homes (so as Russian zone or territories separated from Germany in the meantime).

e. In accordance with Law No. 8 87 employees were discharged for being party-members and a member of affiliated organizations.

f. The following named firms have elected shop-stewards under supervision of Military Government:

18. Public Utilities & Public Works.

Gas-Works.

The firm Dr. Otto & Co. has not yet delivered the material necessary for repair work on the gas plant. The damaged 5th and 6th columns of the stove plant were taken apart, straightened out and the missing parts replaced. The columns are to be replaced as soon as possible. Repair work on damaged walls is being carried out. The light and power plant of the gas works was repaired.

Request was made to Military Government to provide forty (40) tons of coke so that it will be possible to heat the four-part oven.

Repair work on gas container II was carried out under the supervision of an expert from the MAN plant Augsburg, and the welding of holes caused by bomb splinters can begin shortly.

No other changes to report.

20. Transportation.

Bus lines to Munich and Stuttgart, which had been discontinued because of the fuel shortage, are again in operation.

Snow fences have been erected on all main highways and many of the smaller roads. Stock piles of gravel have been placed at critical points on all roads.

Six wheel drum plows, one [illegible] [illegible] and [illegible] [illegible] trucks with plough have been made ready in preparation for expected snowfall.

DECLASSIFIED E.O. 12065 SEC (a) 3-402/NRRC NO. 770069

21. Education and Religion.

The application papers for opening the Municipal High School for Boys and the Municipal High school for Girls have been submitted for approval.

Some textbooks have become available for use and are in the process of being catalogued.

The Agricultural School at Boos has requested 20 tons of coal and 100 blankets for the use of students. The need of these supplies is being investigated and if they are found to be necessary they will be provided.
